5-	From the Comptroller. No 7554/KR. 1247 dy 10/14 Apr. 15- Forwards duly verified a propn. stat in duplicate. 2 The proposition to increase the pay of the three Head masters from Rs 50-4-70 to Rs 75-10-125 involves an addition of Rs 135 p.m. or Rs 1,620 p.a. to the permanent recurring expenditure. 4 To Br II for opinion.
	It is not clear if it is not possible to create 3 places on 75-10-125 for the Head Masterships of these Schools by transferring 3 such appointments from the general list to Normal Schools and transferring to the general list the three places of 50-4-70 of the Normal Schools. If this is done, ~~there will not be~~ any no extra Expr will be caused. ~~by the~~ to of the places on 75-10-125 required for Normal Schools can be obtained in this manner by transferring from the General Cadre, Such an arrangement will be financially most acceptable

6 The general cadre having been fixed with reference to the educational requirements of the general line, the transfer from that cadre to the three head-masters' places now proposed for the Normal school in question may not be possible.
Submd. for orders.

7 If the ~~first~~ suggestion of Waterfield's branch is accepted, it will be hard on the high school masters.

8 The number of appointments in each grade in the Collegiate & School staff has been fixed with reference to that in the other grades, and there will be undue stagnation of promotion if the number in 75-125 is reduced by 3 & that in 50-70 is increased to that extent.

9 This proposal may therefore be considered on its merits. The D.C. has made out a strong case, from this point of view.

28 One result of adopting the Fd Secy's suggestion would be that there would be fewer men on 75-125 working in the High Schools as Asst Masters, which means that there would be fewer Asst Masters of experience.

as a matter of fact. So it would be hard and work disadvantageously to general schools, if the higher pay is provided for any of these schools ~~of the~~ by reduction in the other class of teachers.

30 The teachers of these Normal schools were placed in 50-70 grade accg to the D.G.'s own proposal. But he now finds that graduates who are L.T's are not available for these places. Final Note by the First Member of Council.

Subject:—

Pay of the Head Masters of the Normal Schools at Kolar, Shimoga and Tumkur.

45 While sanctioning the conversion of the Normal School at Mysore into a Government Training College certain improvements were effected in the Normal Schools at Kolar and Shimoga ——— and a new Normal School was ordered to be opened at Tumkur -- in Government Order No.12-13/Edn.358-13-2 dated 1st July 1914. The pay of the Head Masters of these three schools was then fixed at Rs.50-4-70, on the recommendation of the Inspector General of Education.

46 The Inspector General of Education has now recommended that as the grade of Rs.50-4-70 is found to be too low to --- induce experienced L. T's to accept the appointments or to -- continue in them, the pay of the Head Masters may be raised to Rs.75-10-125 with effect from 1st July 1915.

47 A similar increased rate of pay, Rs.75-10-125, has --- been sanctioned to the Head Master of the Normal School at -- Bangalore, in the Government Order sanctioning the opening of the school.

E&O. 1524-14 15

48 The Council have resolved that the recommendation may be sanctioned and the Financial Branch finally acquiesces in the decision.
